

USD 410 BOE Goal Statement:

Given that we want the best for the students, staff, and the greater USD 410 Community, the following are some of the goals upon which we should focus for the next 1-3 years.

Goals

People First

Strategies:

- Retain our highly qualified people
- Recognize and celebrate staff and district accomplishments
- Maintain awareness of the impact of budget cuts on people
- Provide appropriate professional development for staff

Meet Educational Needs of All Students

Strategies:

- Explore the expansion of pre-school for all 3 & 4 year old students
- Increase offerings for vocational, career, and tech-ed classes
- Effectively teach to the varying learning styles of our students
- Offer more IDL classes for enhanced learning opportunities
- Expand our ESOL program to meet the needs of more students

Increase Community Involvement

Strategies:

- Bring in community members to showcase our schools
- Continue to enhance volunteerism throughout our school system
- Provide for and excel at fine arts, activities, and athletics
- Expand usage of social media to promote the school district
- Advertise the strengths of the school district
- Grow entrepreneurship curriculum at HHS to train and provide support for graduates to establish small businesses in our communities

Ascertain Alternate Forms of Revenue

Strategies:

- Facilitate corporate sponsorships / partnerships for various activity and athletic programs
- Increase our grant writing efforts
- Market educational projects
- Establish a fund within the community foundation

Keep Current With Technology

Strategies:

- Continue 3-yr. rotation on hardware
- Provide staff development on effective computer use for 21st century learning
- Provide additional support personnel
- Focus on creativity in our teaching and learning
