

## USD 410 BOE Goal Statement:

Given that we want the best for the students and the greater USD 410 Community, the following are some of the goals upon which we should focus for the next 1-3 years.

### Goals

#### Increase Enrollment

##### Strategies:

- Become a tech-rich community by offering greater access to increased bandwidth
- Advertise the strengths of the school district
- Establish a Facebook page to promote the district
- Offer entrepreneurship curriculum at HHS to train and provide support for graduates to establish small businesses in our communities

#### Meet Educational Needs of All Students

##### Strategies:

- Offer pre-school for all 3 & 4 year old students
- Increase offerings for vocational, career, and tech-ed classes
- Effectively teach to the varying learning styles of our students
- Offer more IDL classes for enhanced learning opportunities

#### Increase Community Involvement

##### Strategies:

- Start a mentor-advocate program in our schools
- Bring in community members to showcase our schools
- Promote volunteerism throughout our schools system
- Provide for and excel at fine arts, activities, and athletics
- Utilize USD 410 TV Station

#### Ascertain Alternate Forms of Revenue

##### Strategies:

- Facilitate corporate sponsorships / partnerships for various activity and athletic programs
- Increase our grant writing efforts
- Auction off educational projects

#### Keep Current With Technology

##### Strategies:

- Continue 3-yr. rotation on hardware
- Provide staff development on effective computer use for 21st century learning
- Provide additional support personnel
- Focus on creativity in our teaching and learning
